

The architectural site plan for Lot 9 (14.10) shows a building footprint with a central courtyard. The building has a total width of 14.00m and a depth of 14.10m. The central courtyard is 6.43m wide. The building footprint is divided into two main sections: a larger section on the left (10.00m wide) and a smaller section on the right (4.00m wide). The building is surrounded by a parking area with 17 parking spaces. The parking spaces are numbered 1 through 17. The building is situated between two streets: 'rooilijn' (red line) to the north and 'rooilijn' (red line) to the south. The building is also adjacent to a 'perceelsgrens' (property line) to the east. The plan includes various annotations such as 'water 100/150', 'zolder 51.08m²', and '100/150'. The plan also shows a 'rooilijn' (red line) running along the bottom edge of the lot.
